## Things within the facilities worth elaborating on Facilities:

### RAIN SHOWERS

Your luxury guest room is fitted with an overhead rain shower that is designed to be tranquil and calming. Give yourself the health benefits of a shower experience designed to resemble the gentle fall of the rain – each morning and night in the privacy of your suite.

### SOAKER TUBS

Being immersed, buoyant or massaged in water can relieve our bodies in a variety of different ways. Many rooms feature a two-person whirlpool tub fitted with a number of jets designed to target areas of the body prone to muscle ache.

### HYDROTHERAPY

The word spa is derived from Latin phrases such as Salus per Aqua and Sanitas per Aquam, which means health through water. Therefore, the use of water in spa treatments is a broad element expressed at The Royal Spa through heat, steam and buoyancy in the hydrotherapy circuit.

## Blue Diamond Resorts' Sustainable Practices

Blue Diamond Resorts' properties are located in the Caribbean's most sought-after destinations on pristine white sand beaches. To keep these tropical oases beautiful, we have put in place innovative sustainability practices at our resorts, adhering to internationally-accepted criteria for the sustainable operation and management of hotels and resorts. Blue Diamond Resorts continuously strives to become a leader in sustainable tourism, as we aim to minimize our impact on the environment and improve the communities around us.

### Environmental Principles

- A wide-ranging conservation program in hotels, including energy-efficient lighting, A/C and appliances, and low-flow toilets and showerheads
- Solar energy utilization

### Resource Management

- Monthly beach clean-ups
- Eco-focused experiences
- Electronic guest bracelets as a keyless entry to rooms
- Adoption of an electronic correspondence system and use of in-room IPTVs as the primary source of all hotel-related information, from activity schedules to room service menus

### Environmental Practices

- Comprehensive recycling programs
- Use of biodegradable cleaning supplies along with OneLink Global's sustainable industrial cleaning practices
- Donations of surplus food peel to local farmers or eco garden projects
