Royalton Forward Is More Than Just A Project.

One program. Every improvement.

Royalton Forward brings together every renovation, refresh and enhancement across our portfolio under one recognizable program.

It gives our guests and partners a clearer view of the work happening across the portfolio and the investments being made throughout the year, while showing the care that goes into keeping the resorts we all call home at their best.

Royalton Forward is not a single project with a start date or end date. It's an ongoing investment to keep our resorts at their best.

MORE ARRIVALS

MORE CELEBRATIONS

MORE FIVE-STAR REVIEWS

That kind of trust comes with responsibility. The more a resort is loved, the more attention it deserves. Royalton Forward is how we make sure our resorts keep pace with the guests who fill them, today and every season ahead.

With multi-million-dollar investments made across our portfolio each year, we continue to improve the spaces, amenities and experiences that matter most to our guests.

This is what continuous investment looks like in the
resorts our guests and partners love.

We are always looking for the next opportunity to **improve, evolve and move our resorts forward.**

Investing In Every Part Of The Experience

From the room where guests rest to the sunset they watch from the beach bar, Royalton Forward touches every part of the experience.

01 GUEST ROOMS

Thoughtful upgrades that preserve the comfort, functionality and design details that define a Royalton stay

02 AMENITIES & EXPERIENCES

From pools to restaurants, bars, kitchens and entertainment spaces, we invest where guests spend their time and create memories that last.

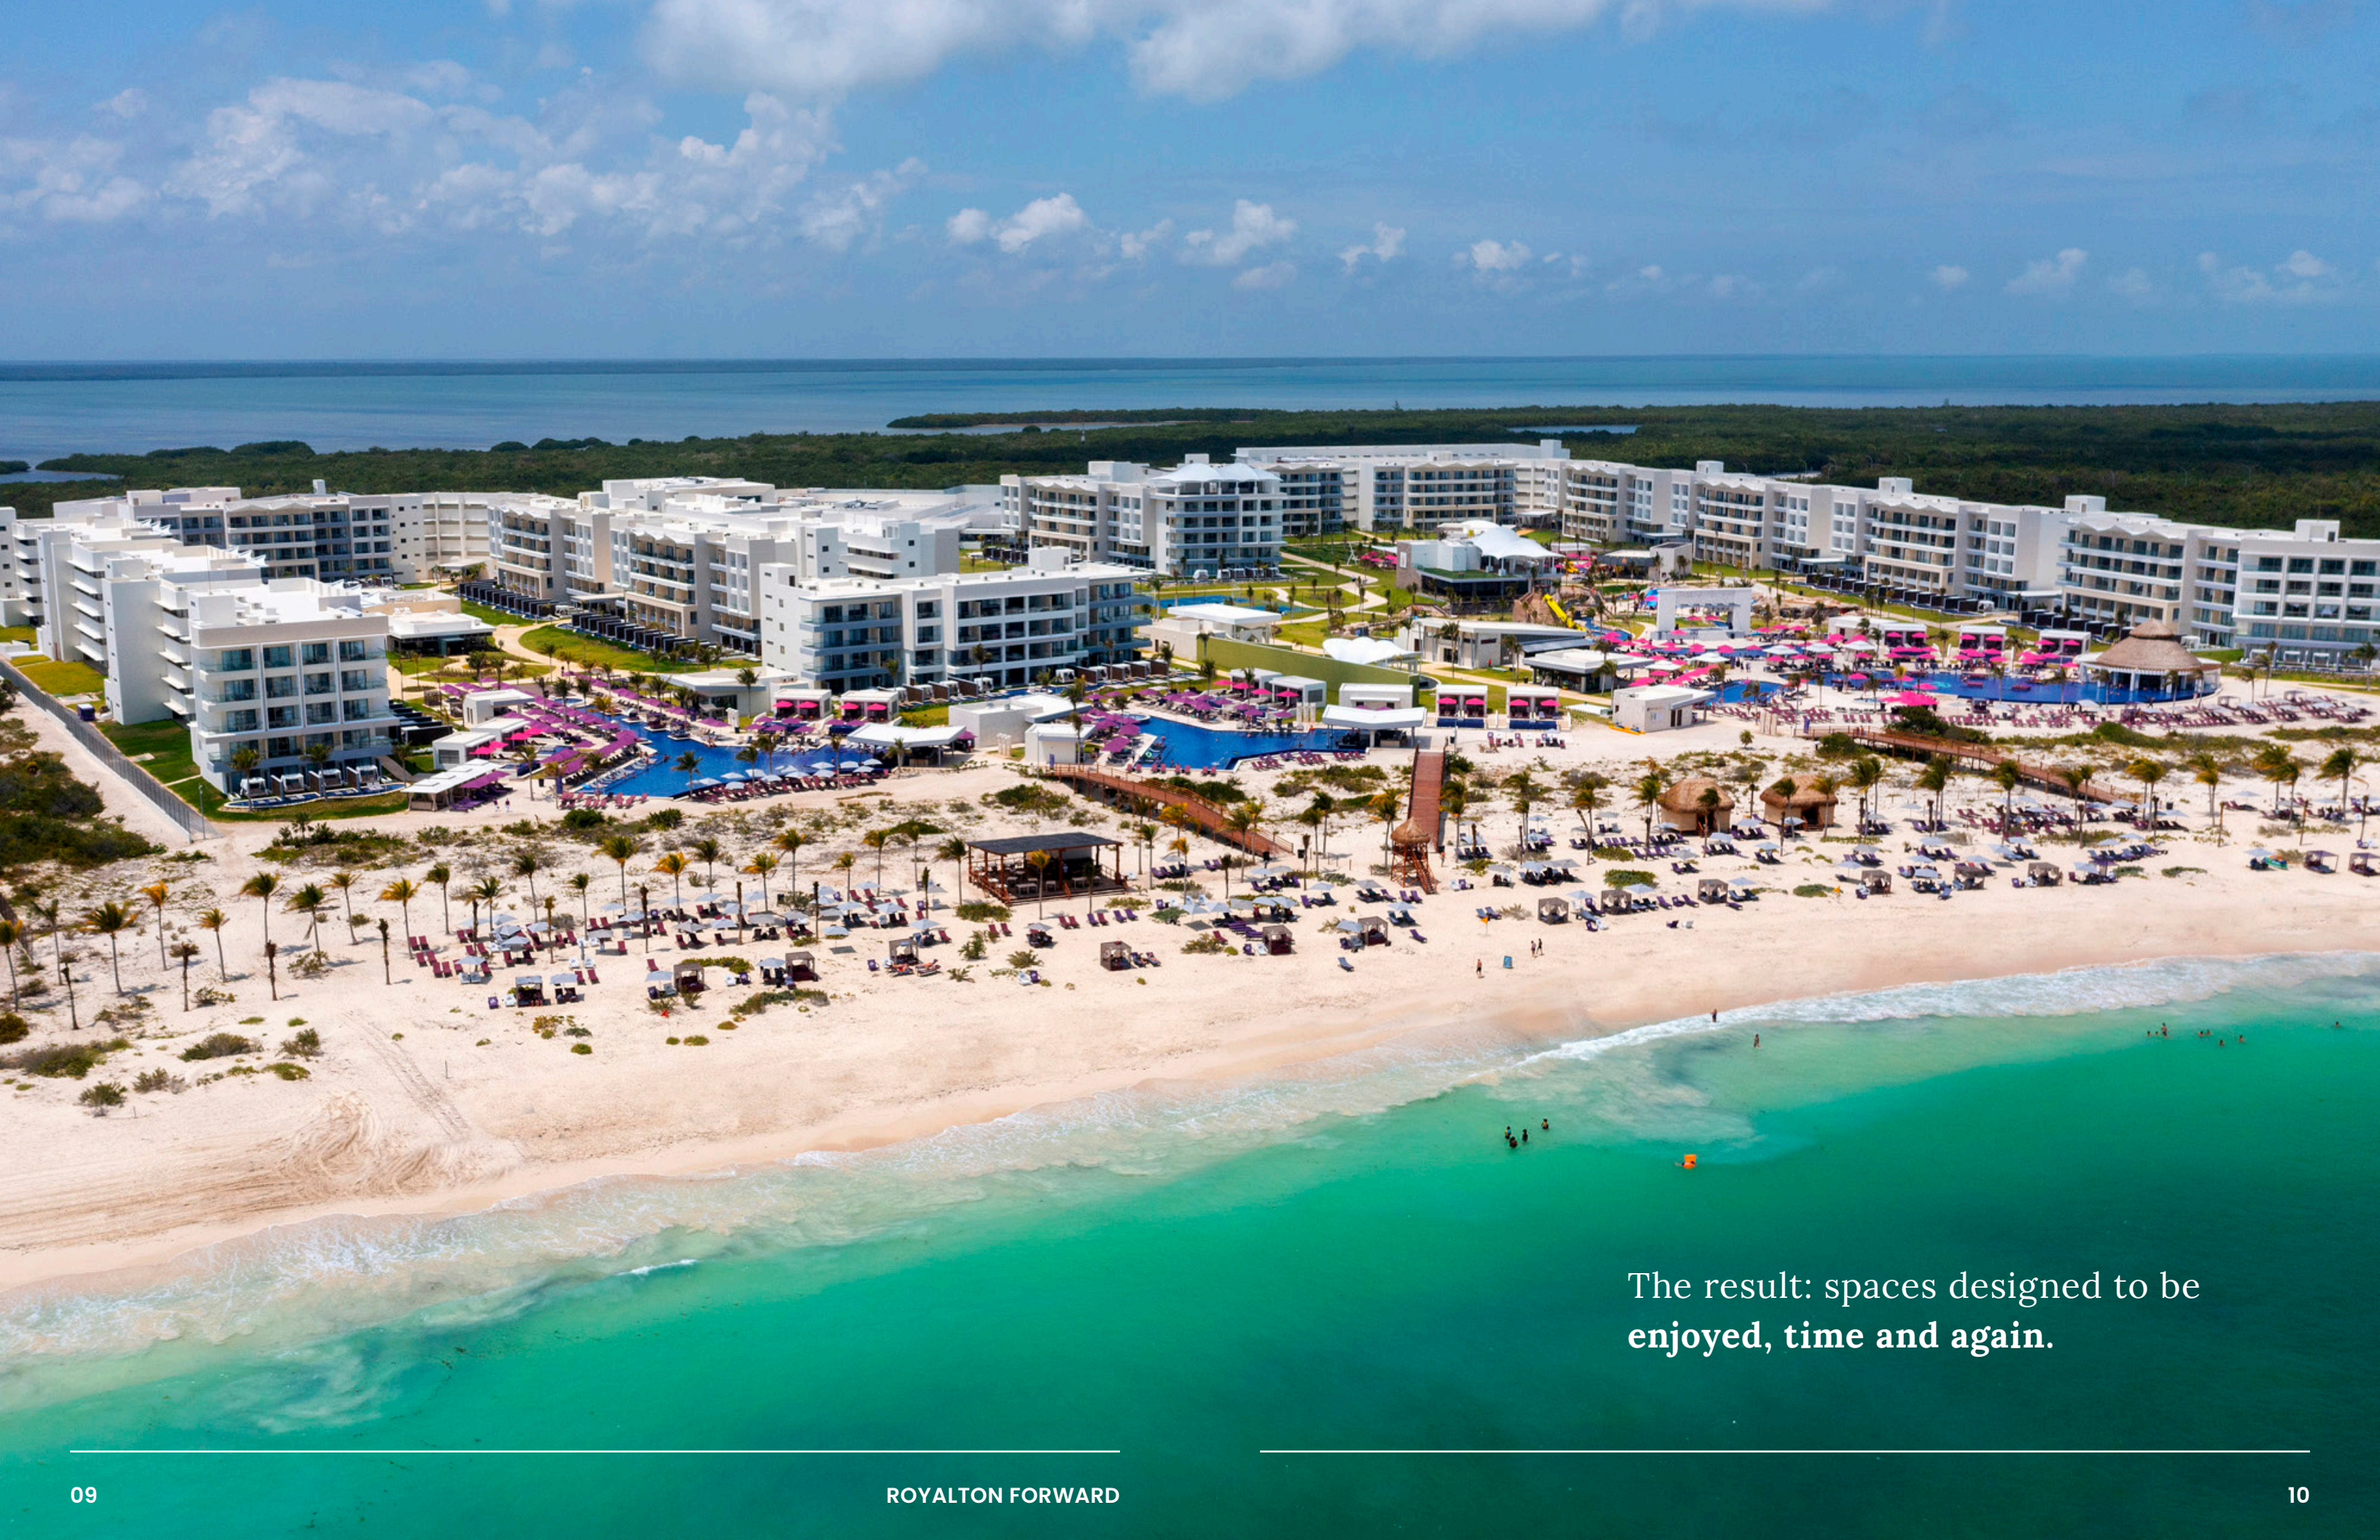

03 PUBLIC SPACES

Refreshed lobbies, walkways and shared spaces that shape how guests experience each resort from check-in to check-out.

04 SUSTAINABILITY & EFFICIENCY

Smarter approaches to energy, water and resources, so responsible operations and unforgettable experiences move forward together.

The result: spaces designed to be enjoyed, time and again.

There Is No Finish Line. Only Forward.

Royalton Forward will never reach a finish line, and we count that among its greatest strengths.

As long as our resorts are welcoming guests, we will keep looking for ways to improve the experience. As travel continues to evolve, our resorts will evolve with it. A resort that stands still risks falling behind, which is why we are always looking for new ways to improve and move our resorts forward.

Royalton Forward began long before it had a name. In many ways, it took shape around our 15th anniversary in 2025, through renovations, enhancements and continued investment across the portfolio. What we are doing now is bringing those efforts together under one clear platform that our guests and partners can recognize and trust.

It also supports the continued advancement of our Royalton Sustainability Standards, with opportunities to improve energy and resource efficiency as we invest in our resorts.
